To Whom It May Concern:

Please accept the following letter of recommendation for Adventurous Palate Catering services. As the Leisure Director for the City of Lake Worth, I have had the pleasure of working with Chrissy Benoit and her team on several catering functions for the City over the past four years.

Working in the service industry, I have encountered many outside catering companies and have to say that, Adventurous Palate Catering is the best company that I have worked with. Ms. Benoit and her team always show an incredible amount of professionalism and flexibility during our events. Their teamwork and willingness to assist in all aspects of the events greatly exceeds my expectations every time.

I can confidently recommend that Ms. Benoit and the Adventurous Palate Catering team will provide excellent catering services for any event large or small. If I may provide you with any further information in your consideration of Adventurous Palate Catering, please feel free to contact me.

Sincerely,

Juan Ruiz, Leisure Services Director
City of Lake Worth Leisure Services Department
