

I am pleased to refer Chrissy, who has been a valuable member of my team for over two years. I am incredibly grateful for her dedication and reliability. Chrissy approaches every project with a sense of urgency and consistently follows through, a quality I have not always found in previous team members.

I often refer to her as “the fixer” because she effectively handles any task I assign. Her work ethic is truly exceptional; she is willing to arrive early or stay late to ensure the job is completed, always maintaining a positive attitude.

One of Chrissy's standout qualities/skills is her perseverance. She diligently addresses challenges until resolutions are found. For instance, when we faced permit issues during renovations, she proactively visited the city hall daily to expedite the process.

Chrissy’s contributions at Field of Greens are numerous, from compiling our recipe book to managing our food distributors to get the best prices in negotiations to overseeing permits and contractors. I cannot emphasize enough how much I value her work. I look forward to continuing to rely on her expertise and commitment in the future.

She truly is “The Fixer”

Sincerely,

Hess Musallet
